

Community View – “What do you want in your Future Doctors?”

We want to hear your ideas on what qualities you want in our Future Doctors.

The Faculty of Medicine, Nursing and Health Sciences is undertaking a review of our selection processes, curriculum activities and graduate attributes. As part of this we are holding forums to seek feedback from key stakeholders.

We would like to invite you to attend a forum, chaired by the Associate Dean (MBBS Curriculum), Professor Ben Canny.

Those attending will include career counsellors and other interested members of the community
