*NUR3004 Preparing for practice		Prerequisites NUR2002, NUR2004, NUR3104, NUR3002
*NUR3005 Chronicity in health care		Prerequisites NUR2002, NUR2003, NUR2004, NUR2104

**BACHELOR OF NURSING
COURSE VERSION 4 – 2008**

***Clinical Experience**

Clinical experience makes up approximately fifty percent of the Bachelor of Nursing course. Generally speaking, students on clinical experience will take on shift work, including weekend shifts and night duty and work a supervised unpaid 40 hour week. Attendance is mandatory for the clinical component of each unit. Make-up for time missed will be arranged in consultation with the clinical coordinator on receipt of a medical certificate. Where a student's skill or knowledge is found to be inadequate, access to the clinical component of the unit will be denied. A student may be withdrawn from a clinical practicum if required skills and knowledge are deemed inadequate, or on other grounds deemed appropriate by the head of school.
