Course structure

The course takes the form of a series of seven distributed (self-learning) modules and a two-day hands-on workshop at Monash University, Clayton. Course materials will be posted four weeks prior to the workshop.

Workshop dates in 2010

Saturday 17 April
to Sunday 18 April
and

Saturday 18 September
to Sunday 19 September

Assessment

Registrants will complete a *GP Clinical Radiography Record Book* and practical decision making exercises after the workshop. In addition, registrants will sit a short open-book exam prior to completion of the course. NB: Assessment will be completed off-campus, in your home region.

Course materials

The course package comprises of:

- course notes divided into seven modules;
- a CD of reject radiographs;
- a CD of radiographic anatomy and pathology;
- the text book *Accident and Emergency Radiology: A Survival Guide* by Nigel Raby, Laurence Berman, Gerald de Lacey, second edition. Philadelphia: Elsevier/Saunders, 2005; and
- the *GP Clinical Radiography Record Book*.

Course recognition

The course is:

- recognised for the purpose of awarding a Radiography License for general practitioners in Victoria;
- recognised by ACRRM for QA and CME and;
- recognised by RACGP for CPD points and a two day grant in emergency medicine.

Admission criteria and fees

Applicants must be general practitioners practicing in rural areas with an RRMA two to seven.

Course fees: A\$2000

NB: General practitioners in RRMA three to seven, Victoria, can apply for a registration fee subsidy through the Department of Human Services. This will be a 50 percent or 70 percent subsidy depending on whether there is support from the local health service or division. Please see the following link for further details: www.rwav.com.au/support/support_grants.asp

NB: General practitioners in other states may be eligible for similar subsidies. Please see the relevant link below for further details:
