

Monash University is the only university in Australia to offer two year graduate entry programs in the Medical Radiations disciplines of Radiation Therapy, Nuclear Medicine and Medical Ultrasound. If you have completed or are about to complete an undergraduate degree and have an interest in health science and people, then come to this information evening. Course staff will be available to discuss the courses and how to apply and clinical staff will be available as well.

Make the most of this great opportunity; it's not to be missed!

Date: Thursday 20 August

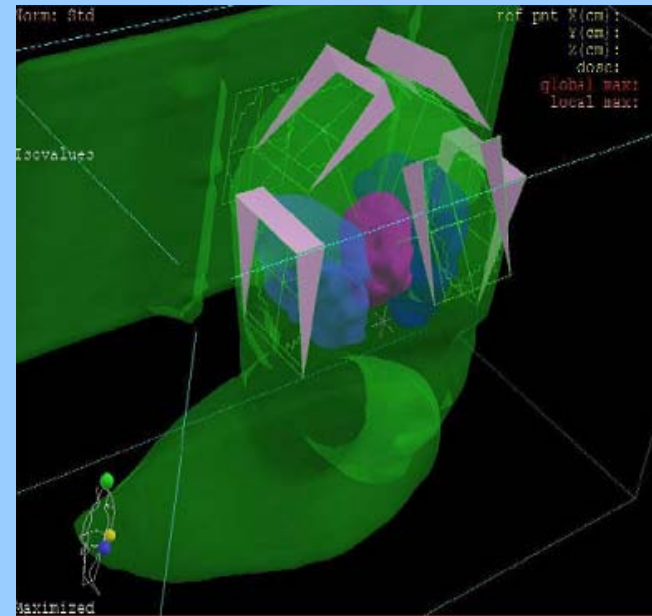

Time: 6pm-7pm

Location: Manton Room, Bld 11

(For more information, please e-mail [Radiation.Sciences@med.monash.edu.au](mailto:Radiation.Sciences@med.monash.edu.au) or visit [www.med.monash.edu.au/radiography/postgrad](http://www.med.monash.edu.au/radiography/postgrad))

# Master of Medical Radiations

## Information Evening

MONASH University
